

Career Investigation Guidelines

As part of our entrance requirements here at OCI, you are to complete a “Career Investigation”.

This means you will research the industry you would like to work in, and provide a report on your research findings.

Criteria:

The below list is points that must be covered in your investigation. However, you are not limited to these points. If you would like to add more about your findings and what you’re excited about, Please Do!

- How much does a professional in this field make? Do they make tips?
- What makes someone successful in this industry? Name at least 3 qualities and why.
- What education is required to be proficient in this industry?
- What techniques are cutting edge right now?
- Who is a professional in this industry that you would learn from?

Creative Format Ideas:

Feel free to use any creative format you would like. These are some suggestions; your options are not limited to the list below.

- Poster Board
- Power Point
- Essay
- Powtoon
- Story Board
- Cartoon Strip
- Scrap Book
- Recorded Monologue
