

OKANAGAN COSMETOLOGY INSTITUTE

Esthetics Career Program

The OCI Esthetics program is an advanced, fast paced program that teaches the compulsory practical and theoretical skills of a competent esthetician, delivered in a format that allows for professional flexibility. Encompassing all aspects of professional Esthetics, OCI's mission is to prepare each individual for a successful career. Using professional grade equipment, your education will include products, skills and scenarios that mirror a professional spa environment that you will experience in the industry.

This program teaches the student how to pamper a client from head-to-toe. Including skills such as; natural nails, microdermabrasion, chemical peels, facials, body treatments, hair removal, make-up artistry & eyebrow design.
